Job Function & Salary Analysis

WHAT STUDENTS HAVE TO SAY

Siddharth Sinha
(Batch 2010-2012)
Deloitte

“*Holistic learning at FIIB gave me the wings to chart out my career in a BIG-4 organization like Deloitte. Industry Interaction opportunities at FIIB helped me understand the corporate world; Business Communication skills and Financial Management knowledge helped me in passing the 7 rounds of Interview to get into Deloitte; Marketing Skills help me in presenting myself better every day and HR skills are aiding in building a strong corporate network!*”

“*At FIIB, various initiatives apart from curriculum, like the sessions on Toastmasters helped me understand the effective way to deliver the presentations in office. Several subjects required us to work in pre determined groups which also helped me get out of my comfort zone, which is of great help in my profile here at Capital IQ. Mentoring from Faculty on do's and don'ts in the corporate world is also quite handy to put my best foot forward. I do consider my learning's at FIIB as the stepping stones to my success at Capital IQ.*”

Capital IQ

Riddhi Singh
(Batch 2010-2012)
Future Education

“*FIIB has prepared me for a career instead of just the first job. FIIB goes beyond traditional content and methods of learning – leadership opportunity in a national level entrepreneurship conference (Meraki) and innovative courses like Innovation, Persuasion Powers have been instrumental in my promotion within 2 months of my first campus job.*”
