

Dear Alum,

FIIB has been tracking your remarkable progress over the past several years as a top-flight professional. Being an alum of FIIB, your distinguished achievements are a source of pride to the entire Institute! It is also a significant strength, as we look to admit larger batches of students who aspire to model their careers after yours. Your institution also continues to grow from strength to strength. It consistently ranks high amongst quality B-schools in India. The faculty has focused on specific business-oriented courses, and the admission and placement cells have worked in close coordination to ensure our students continue to get the experience that is the envy of most B-schools. In addition to PGDM courses, we now also offer Doctoral programs in two variants - full-time and part-time.

We recently added an additional stream - a two-year PGDM-FM (financial management) - to our core PGDM course. The Programme specifically trains students for a successful career in Finance and Fintech sectors by providing hands-on experience through a dedicated Finance Lab, an employability-focused curriculum, and well-rooted Industry linkages.
