

Placement 2023

ASPIRE | CONNECT | ACHIEVE

PARTNERING FOR GROWTH

FIIB's 28 years of continued association testifies the confidence of industry in us as credible growth partners. Our 3000+ strong alumni spread across continents and companies have been capable contributors as employees as well as entrepreneurs. As the name suggests, FIIB-Career Management Centre is much more than a Placement Office. Our mission is to build a bridge between the corporate world and the academic stakeholders and facilitate developing a stream of employable management graduates. We work with our students for career preparation rather than jobs. We connect with our alumni for leadership potential development and placements.

Graduates of all domains from Delhi-NCR and other geographical regions choose FIIB for the learning rigor and focused faculty attention. We placed about 97% graduates with at least one offer before Convocation of 2023. The remaining students chose entrepreneurial options and higher studies. 100% of our students have been successfully placed for internships year after year.

We thank our industry patrons for collaborating with us in transitioning our students from campus - to - corporate.

Dr. Sudhi Sharma
Program Chair

EXECUTIVE SUMMARY

This 2023 Employment Report presents the employment outcomes of PGDM class of 2023. Our motto has always been to understand students' aspirations and build bridges between students and corporates.

CMC OBJECTIVES

1.

Provide employers concentrated, targeted and focused access to management students.

An experienced CMC Team will be put their effort for developing and maintaining strong relationships with companies with the goal to assist students in their career search.

2.

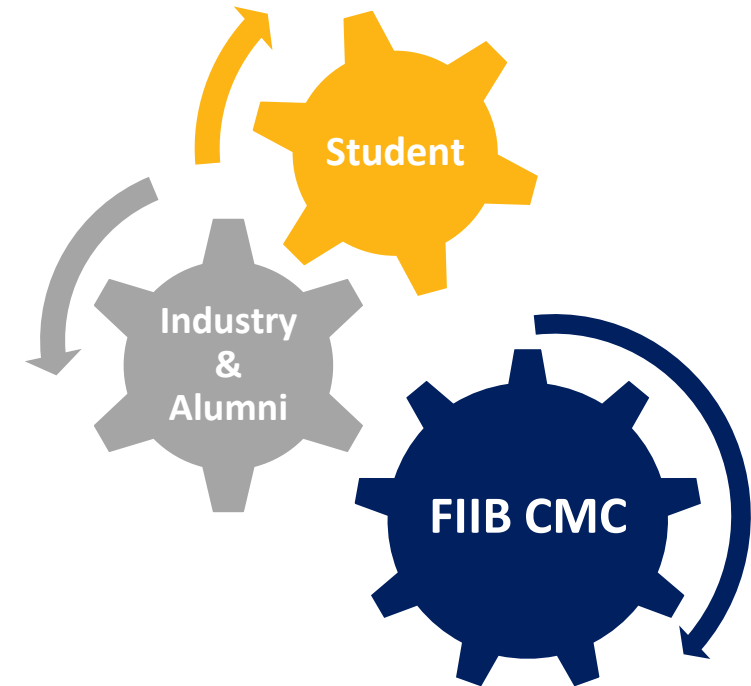

Prepare students to effectively market their value to prospective employers.

An experienced set of Career advisors from CMC Team will help students determine their career goals and develop and implement a plan for each student to attain skills needed for their career goals.

3.

Partner with alumni and faculty to augment existing resources and create better opportunities for students.

Team CMC will be working closely with Faculty Mentors/Alumni to take their valuable input to accomplish the above goals.

Through FIIB, I was able to improve my technical skills and develop my professional skills. As a result, I gained practical experience and prepared myself for a career in the corporate world. For that, I am eternally grateful.

Hardik Gupta
Placed In: Asian Paints

I received outstanding and continuous guidance and support from my faculty mentors that contributed significantly to my success. So grateful for FIIB's Faculty Mentoring Program.

Ishika
Placed In: Deloitte

FIIB gave me practical exposure by organizing events like SANKALP, Manthan and other corporate activities to develop management skills. They made me industry-ready through guest sessions spread across the curriculum.

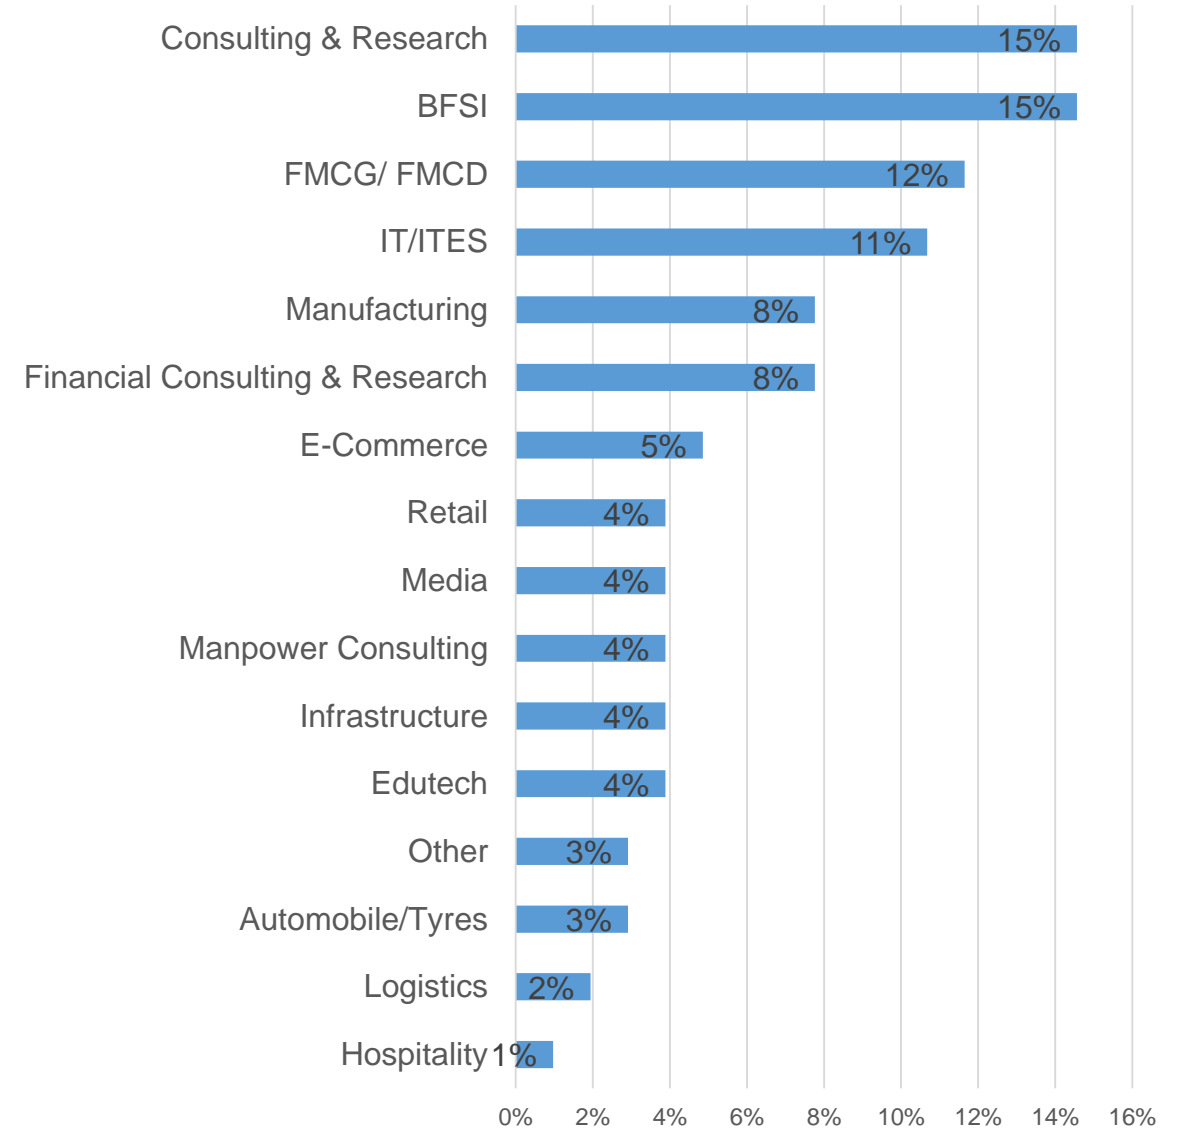

Pooja Phulwani
Placed In: Naukri.com

MAJOR CIP INDUSTRIES

It was a wonderful opportunity for me to be intern at Blue Digital. The internship exposed me to the industry culture and working experience. I learned to develop a self- brand by being a part of their advertisements. The 3 months journey taught me to cope with challenges and brought the innovator in me out!

Ritika Bayani
Internship - Blue Digital

My internship at KPMG was an exceptional learning opportunity. I was exposed to various aspects of the consulting industry and had the chance to work on exciting projects. The experience has boosted my confidence and refined my problem-solving skills.

Manav Sial
